

Your Staff @ HomeSM Programs

Why choose CARE?

We are committed to improving and streamlining HIM processes.

We provide state-of-the-art technology applications designed by HIM professionals, for HIM professionals.

We also have a variety of optional services for the Your Staff @ Home Program that may better fit your needs. Contact us for more details.

Use **CARE**coding.com to enable your coders to work from home! **CARE** will work with you and your staff to implement a telecommuting program for your coders that will improve coder retention rates, coder productivity, and coder satisfaction by accommodating the need to work from home.

CARE consultants will facilitate the planning and implementation of the **Your Staff @ Home** Program by:

Assessing employee equipment and telecommunications needs;

Developing telecommuting policies, including security and confidentiality requirements for home based work;

Modifying record processing workflow to include procedures for scanning patient information; and

Training coders to use **CARE**coding.com to access records from remote locations for viewing, coding, and data entry.

In this time of acute coder shortages, **CARE** wants to help its clients solve their coder staffing needs in the most creative ways possible.
